*Names have been changed to protect personal information

It would be really helpful to have the calendar on Weduc fully up to date with holidays, inset days, non-school uniform days etc, all on there for the year.

The new app is very difficult to use. I find the messaging system annoying, and hard to use

When my child has homework there is no feedback. We are now at the point where there can be face to face meetings parents should be more informed. Can the children not have a daybook not to be filled in every day but if something has happened in class good work, a meltdown, anything. It just gives parents something that shows your child is doing good in school.

A***e finds it hard to explain things to people and understand others.

We are really happy with how well A*****i is supported by his teachers and TAs and the rest of the school. We are truly grateful.

Thank you for everything you do. You are one of the best schools I have ever worked with, and you're all wonderful!

My child feels safe, and secure in the school, and is making progress beyond our expectations.

Wonderful school, my child is very fortunate to attend

Over the last year we have noticed a breakdown in communication between home and school and between staff members

Unfortunately, school has become more of a behaviour school than special needs and feel my child has been overlooked

C*****e really enjoys the school, his achievements that are not academic are recognised and he has responded really positively to this. He does struggle with the amount of bad behaviour that he sees but the class teacher is aware of this and supports him

Generally, since my son has started the school (Jan 21). I can't thank you all enough for everything the school & my son as achieved to get him where he is now

This school take care of the whole child. I am happy how my child has progressed while here.

Thank you for your feedback

In response to your feedback, we are doing to following

- Welcome visitors back into school following the COVID pandemic. This includes welcoming parents and carers back.

2021-2022 Parent/ Carer Survey Results

- Developing parent / carer workshops. Information will be shared via newsletters, pre-recorded video's and live workshops.
- Sharing information about the governors and their role within school
- Developing communication including more updates regarding progress and communication methods.
- Developing our behaviour policy with staff, students, parents, and carers. This will also explain the needs of pupils within school.
