

Destinations Pioneers – 2025-2026 Cohort

It is important that we prepare students for life after Two Rivers High School. Below is some information about destinations for students. There were 50 leavers.

Most of our learners have progressed to a Post-16 College. The majority continue their educational journey at South Staffordshire College across its various campuses.

A high number of students have opted for an Entry course in the college environment, advancing from Futures/Routes at Entry Level to vocational studies at Level 2. Several students have chosen to start a course in their preferred area, ranging from Motor Mechanics and Engineering to Music Production and multimedia studies.

Leavers level of qualification studying 2026

Many students pursue the pathway of Entry Levels to secure learning at this level. Other students are studying Level 1 in such subjects as Sports Coaching, Multimedia and Motor Mechanics. Students taking the Level 2 pathway are studying such subjects as Bakery, Performing Arts and Art and Design.
