

Achievements at Two Rivers Primary School:

- Number on roll remained at 130 pupils
- Links with parents have been essential throughout the last year – the teachers worked hard with the senior team to make sure that we were able to have daily digital contact with families and weekly phone/ door step visits with families. We made strong links with the hygiene bank who provided a lot of products to share with 30 of our families several times throughout lock down and the summer holiday. We also made strong links with Packington Farm who provided fresh food for us to deliver to families on a weekly basis during lock down and then a fortnightly basis during the summer holiday period. This service was for 24 families and well received.
- During the summer holiday period we were able to allow Social Services disability team to use the building to work with a group of young people – including some of our own pupils. This was very positive for the service and something we hope to continue in the future.

- The install of additional fencing throughout the outside of the building and additional areas of soft flooring we are better prepared for using our outdoor space to better meet the needs of the pupils. This is making our staggered drop off and collection easier and more spread out.
