# Anti-Bullying Policy

## Two Rivers School

Review date: Summer Term 2021

Next Review: Summer Term 2022

Two Rivers School communities have the right to feel safe and respected. Therefore, we aim to inform the school community of, and understand, the policy and their responsibilities within it.

A good definition of bullying is:

“Repeated intimidation of a victim that is deliberately carried out in order to cause physical or emotional hurt”

Using this definition any of the following could be bullying if they are carried out repeatedly:

Name calling  
Making fun of another person  
Leaving people out  
Physical Assault  
Insulting another person's family or culture  
Making threats  
Cyber bullying this includes mobile phones and internet-based tools  
Continued singling out of another person

The types of bullying may be related to:

Race, Culture or Religion  
SEN or disabilities  
Appearance or health conditions  
Sexual orientation  
Young carers or looked-after children or otherwise  
Home circumstances  
Sexist or sexual bullying

**We will not tolerate bullying at Two Rivers School.**

**Supporting bullying will not be tolerated. This includes relaying distressing messages, relaying threats, laughing at bullying, watching a fight.**

**Repeated bullying will be treated very seriously and may result in exclusion.**

If you are worried about bullying, please talk with a class teacher / form tutor or another member of staff. Staff cannot deal with bullying if they are not aware of difficulties individuals are facing.

**It's ok to tell** – Tell an adult or a friend so that something can be done

Once the school has been informed of a bullying incident, it will be investigated promptly. Parents of all pupils involved will be informed of the outcome.

Two Rivers School wants to ensure that all pupils know how to report bullying and get help and that all members of the school's community are confident that the school's response to bullying is effective.

At Two Rivers High School sanctions are applied fairly, proportionately, consistently, and reasonably, taking account the SEND needs of our learners, and taking into consideration the needs of vulnerable children. Bullying by children with disabilities or SEN is no more acceptable than bullying by other children and it is made clear that these actions are wrong and appropriate sanctions will be imposed. We expect all students to be proactive and seek help from members of staff if they witness another student being hurt or they are concerned about others.

At Two Rivers Primary School the children take part in an annual Wellbeing Survey and at Two Rivers High School pupils take part in an Anti-Bullying Survey on a yearly basis. This is to ensure that they can voice their opinion about Bullying. The results of these surveys are available on request from the school.

This policy should read in conjunction with the Behaviour Policy.
